RANCHO MURIETA NORTH
TREE INVENTORY AND CANOPY SURVEY

January 20, 2015

The following is the tree inventory for the Rancho Murieta North project. The individual trees were tagged and identified by certified arborist Kory Burton of Eco Landscape and tree Management Systems, Inc. (ISA #WE6714). The tree inventory took place between October 2013 and April 2014.

Baker-Williams Engineering Group provided the tree canopy areas for each village. The canopy areas were derived from using either a June, 2013 aerial topographic survey and/ or from 2014 aerial photographs.

For questions on the tree inventory please contact Kory Burton of Eco Landscape at 916-600-0298 or Michael Robertson at 916-331-4336.

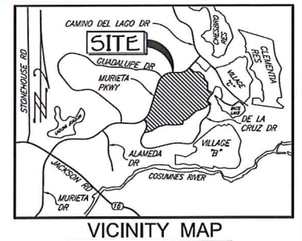

Sincerely

Baker-Williams Engineering Group

Michael Robertson
